

Jackson State University  
College of Science, Engineering and Technology  
Dept. of Civil & Environmental Engineering and Industrial Systems & Technology

Position: Tenure-Tract Assistant Professor in Transportation Engineering

Jackson State University is inviting applications for a full-time, tenure-track faculty position at the rank of Assistant Professor in Transportation Engineering, starting in January 2024 or August 2024. A doctorate degree in Civil Engineering or a closely related field with an emphasis in Transportation Engineering is required. A P.E. license and industrial experience are highly desired. Qualifications include a demonstrated potential for developing a strong, externally funded research program and publishing high-quality papers in leading journals. Candidates are also expected to have a strong commitment to teaching excellence at the undergraduate and graduate levels.

Jackson State University is a state-supported institution, located in the capital city of Mississippi, which is the major metropolitan area of the state. The university, with Carnegie designation of “Doctoral University - High Research Activity,” has a diverse student body and approximately 95 comprehensive degree programs from the baccalaureate through the doctorate are delivered. Candidates for the position are expected to be responsive and committed to a diverse student body and to collaborate with their colleagues. This position can be applied at <https://jsums.peopleadmin.com/postings/11600>. To be considered, an applicant must submit all required materials online. Questions may be directed to Dr. Yadong Li, Professor & Interim Chair, Dept. of Civil & Environmental Engineering and Industrial Systems & Technology (yadong.li@jsums.edu). Review of applications begins immediately and will continue until the position is filled.
